

January, 2023

## **FOREWORD**

The importance of statistics in planning and monitoring of government Programmes cannot be over emphasized. We need to know where we are, determine where we want to reach and know whether we have reached there. The monitoring of socio-economic progress is not possible without measuring how we progress and establishing whether human, financial and other resources are being used efficiently.

However, these statistics have in many occasions been national in outlook and less district specific. The development of a district-based Statistical Abstract shall go a long way to solve this gap and provide district tailored statistics and will reflect the peculiar nature of the district by looking at specific statistics, which would not be possible to provide at a higher level.

Data and statistics are required for designing, planning, implementing, monitoring and evaluating development Programmes. For instance, statistics on school enrolment, completion rates and dropout rates etc. are vital in the monitoring of UPE and USE Programmes. Statistics are also needed for establishing grant/aid to community, schools, staff levels and other investments in the education Programmes. The collection and use of statistics and performance indicators is critical for both the successful management and operation of the District and will also act as an aggregation of statistics from all sectors, including Lower Local Governments.

For data to inform planning and service delivery, it should be effectively disseminated to the various users and stakeholders. The initiative to compile and disseminate this District Statistical Abstract is therefore an effort to support the Planning function of the Local Governments and other users interested in the Higher Local Government (HLG) statistics.

This District Statistical Abstract will go a long way in guiding District Policy makers, Planners, Researchers and other stakeholders to identify the indicators that are relevant for planning, monitoring and evaluation of Government Programmes in the District.

The Statistical Abstract acts as a source of information originating from NGOs and other organizations in the District. The Statistical Abstract, therefore, is an annual snapshot documentation of the District situation, providing a continuous update of the district status.

It is my sincere hope that the document will provide all interested users with adequate information and I feel that where more information is required, appropriate departments should be contacted for details.

For God and my Country

**KYOMUKAMA GEOFFREY-RUKAAGA**  
**DISTRICT CHAIRPERSON-RUKUNGIRI DISTRICT**

## **PREFACE**

Rukungiri District Statistical Abstract 2021/22 has been developed and guided by strategic direction of Rukungiri District envisioning to be an efficient and demand-driven Local Government Statistical System in Uganda thereby producing and disseminating quality statistics that will inform planning and decision making for improved service delivery in the District Local Government.

With regard to service delivery, the use of reliable, accurate and timely data is vital in the planning processes. It is therefore important that local government data is accurate, timely, consistent, gender responsive and accessible to facilitate planning and decision-making processes.

Rukungiri District gratefully acknowledges the efforts of all the heads of departments and sections who contributed to the production of this Statistical Abstract.

Special thanks go to the members of the District Statistical committee for the effort put in to collect the necessary data. It may not be possible to enumerate all those who gave their time but a few groups and individuals deserve special mention.

Special thanks go to Uganda Bureau of Statistics (UBOS) for their effort in Capacity Building to the district staff to see that Rukungiri district gets specific data and statistics required for designing, planning, implementing, monitoring and evaluating development Programmes. The district has received many documents from UBOS, such as reports of the Population and Housing Censuses, the National Service Delivery Surveys, the Uganda Demographic and Health Surveys, to mention but a few.

Lastly, I wish to thank the District Statistician Mr. Turyazayo Isaac, Planning Department, District Statistical Committee and all Technical staff for the efforts rendered towards the compilation of this abstract.

**MASOKOYI SWALIKH WASWA**  
**CHIEF ADMINISTRATIVE OFFICER, RUKUNGIRI**

FY	Financial Years
H/C	Health Centre
HLG	Higher Local Government
HSD	Health Sub-District
LC	Local Council
LFR	Local Forest Reserve
LLG	Lower Local Government
LQAS	Lot Quality Assurance Sampling
MTN	Mobile Telephone Network
N/A	Not Available
NGO	Non-Government Organization
PNFP	Private not for profit
SFG	School Facilities Grant
Sq Km	Square Kilometres
STI	Sexually Transmitted Infections
T.C	Town Council
TB	Tuberculosis
TFR	Total Fertility Rate
TPC	Technical Planning Committee
TT	Tetanus
UBOS	Uganda Bureau of Statistics
UPE	Universal Primary Education

## GLOSSARY

A nursery School	A place where children are prepared for entry into primary school education.
Adult	A person aged 18 years and above, as per the Constitution of Uganda.
Agriculture	The growing of crops and rearing of animals for food, other human needs or economic gain.
An orphan	A child below 18 years of age who has lost either one or both parents.
Asset	Anything valuable that an entity owns, benefits from or has use of, in generating income.
Child	A juvenile. A person aged below 18 years.
Child labour	Work that is mentally, physically, socially and/or morally dangerous and harmful to children. Hazardous work which by its nature or the circumstances under which it is performed, jeopardises the health, safety and morals of a child. Also includes work or activities that interfere with children's school attendance.
Civil Servants	Employees of line ministries, teaching service, police, prison, public universities and local governments.
Cohabiting	A state where a man and woman are not officially married but are living together in a sexual union.
Completion rate	The total number of new entrants in the last grade of any education level, regardless of age, expressed as a percentage of the population at the entrance age to the last grade of that education level.
Crime	An unlawful act or omission punishable by law.
Crime Rate	The incidence of crime per 100,000 people.
Damage of property	The abstract measure of property not being intact, and may refer to any household item which suffered after a crime incidence.
Day Care	A place that looks after children between 0 - 2 years and their parents pick them in the evening.
Defrauding	This is the act of depriving an individual, organisation, or even a household of their money, or property through deceitful trickery or cheating methods. It is also a deliberate deception to secure unfair or unlawful gain.
Divorced	A condition where legally married couples legally separate for life and each stays away from the other thereafter. However, either of the two (man or woman) can re-marry.
DPT	A vaccine against Diphtheria, Pertussis (whooping cough) and Tetanus.
Driver	In relation to a motor vehicle, means a person who drives, or attempts to drive, or is in charge of a motor vehicle (including a cycle) or an instructor of a learner driver. In relation to animals, means a person who guides cattle, in singular or in herds, or flocks, pack

	saddle animals on a road. But in relation to a towed vehicle, a person who drives the towing vehicle.
activity	Covers all market production and certain types of non-market production, including production and processing of primary products for own consumption, own-account construction (owner occupied dwellings) and other production of fixed assets for own use.
Employed Persons	Persons who work for wage or salary in cash or in kind or both and have a formal job attachment.
Employment	Restricted to only the working age population who were engaged in any activity to produce goods or provide services for pay or profit. "For pay or profit" refers to work done as part of a transaction in exchange for remuneration payable in the form of wages or salaries for time worked or work done, or in the form of profits derived from the goods and services produced through market transactions.
Employment status	Refers to the status of an economically active person with respect to his/her position at his/her place of work and his/her mode of remuneration.
Enterprise	A single legal entity or a combination of legal entities. It may also be a sole legal unit carrying out one or more activities at one or more locations. It may alternatively be several establishments.
Fatal Accident	An accident in which death occurs at the scene of the accident or within one year of the accident as a result of injuries sustained in the accident.
Gross Domestic Product	The value of goods and services produced within the economic territory of the country.
Gross Enrolment Rate	The ratio of pupils in primary school (regardless of age) to the country total population aged 6-12 years.
Gross Enrolment Ratio	Total enrolment in a specific level of education (Pre-primary, Primary, Secondary and Tertiary), regardless of age, expressed as a percentage of the eligible official school-age population corresponding to the same level of education in a given school-year.
Gross Intake Rate	The ratio of the pupils enrolled in primary one regardless of age to the country total population aged six years.
Gross Intake Ratio	The total number of new entrants in the last grade of a given level of education, regardless of age, expressed as percentage of the total population of the theoretical entrance age to the last grade of that education level.

Gross Output	The production value as compiled from total receipts from industrial and non-industrial goods and services in an economy, adjusted for stock changes but excluding Excise Duty and Indirect Taxes. This is Gross Output at factor cost.
Growth Rate	The number of people added to (or subtracted from) a population in a year due to natural increase and net migration expressed as a percentage of the population at the beginning of the time period.
Health Centre II	Out-patient clinic treating common diseases and offering antenatal care. It is supposed to be led by an enrolled nurse, working with a midwife, two nursing assistants and a health assistant. According to the Ugandan government's health policy, every parish is supposed to have a Health Centre II.
Health Centre III	Health centre with facilities which include an operation room and a section for minor surgery. It is headed by a clinical officer, offers the continuous basic preventive and curative care and provides support supervision of the community and the Health Centre II facilities under its jurisdiction. According to the Ugandan government's health policy, every sub-county is supposed to have a Health Centre III.
Health Centre IV	A mini-hospital that provides the kind of services found at Health Centre III, but in addition has separate wards for men, women, and children in which to admit patients. It should have a senior medical officer and another doctor as well as a theatre for carrying out emergency operations. According to the Ugandan government's health policy, every county or parliamentary constituency is supposed to have a Health Centre IV
Home based child care	An arrangement where a mother in the community looks after children at a cost in her premises and trains them basic skills necessary for proper upbringing.
Infant Mortality Rate	The number of deaths of infants under one year of age per 1,000 live births in a given period.
Juvenile	A person below 18 years of age (Children Statute 1997).
Kerosene	This is fuel used as an illuminant for lighting and in some cases for cooking.
Labour force	The labour force consists of all persons of working age who were either employed or unemployed
Literacy rate	The percentage of population aged 10 years and above that can read with understanding and write a simple sentence meaningfully in any language.
Loan	Money or securities supplied by one party (the lender) to a second party (the borrower) in a transaction in return for a promised future payment by the borrower. Such transactions normally include the payment of interest due to the lender as per agreed repayment schedules between the two parties.

Net Enrolment Rate	The ratio of pupils in primary school aged 6 – 12 to the country total population aged 6 -12 years.
Net Enrolment Ratio	The Enrolment of the official age-group for a given level of education (Pre-primary, Primary and Secondary) expressed as a percentage of the corresponding population.
Net Intake Rate	The ratio of the pupils aged six in primary one to the country total population aged 6 years.
Net Intake Ratio	The number of new entrants of official age expressed as a proportion of the official school entry age ( <i>3 years for pre- primary, 6 years for primary, 13 years for secondary and 19 years for tertiary</i> ).
Pupil-Classroom Ratio (PCR)	The average number of pupils (students) per classroom at a specific level of education in a given school year.
Pupil-Stance Ratio (PSR)	The average number of pupils (students) per latrine stance at a specific level of education in a given school year.
Pupil-Teacher Ratio (PTR)	The average number of pupils (students) per teacher at a specific level of education in a given school year.
Single Skill mismatch or inadequate employment	<p>A man or woman who has never been married or never been in a consensual union.</p> <p>Skill mismatch measures the incompatibility between education and occupation. Workers whose educational attainment is above the skill requirement of their jobs are in some sense underutilized. The return on investment in their education and training is below optimum and somewhat wasted.</p>
Solid waste	Any semi-solid or solid matter created by human or animal activities, and which are disposed because they are hazardous or useless.
Under-utilisation	An aggregate of persons who were; unemployed, in time related under-employment and potential labour force.
Unemployment	Persons of working age are classified as unemployed if, during a short reference period such as a day or a week, they (a) were without work, i.e. did not work for even one hour in any economic activity (paid employment, self-employment, or unpaid work for a family business or farm); (b) were available for work; and (c) had taken active steps to seek work during the past four weeks.

Value Added	The value of outcome when factors of production interact to produce and avail goods and services. Value added is the difference between the value of gross output and the value of intermediate inputs. Value added comprises of the following:
Value Added Tax (VAT)	A form of consumption tax. From the perspective of the buyer, it is a tax on the purchase price. From the seller's perspective, it is a tax only on the value added to a product, material or service.
Work	Comprises of own-use production work, employment work; unpaid trainee work, volunteer work and other forms of work. Work excludes activities that do not involve producing goods or services (e.g. begging and stealing), self-care (e.g. personal grooming and hygiene) and activities that cannot be performed by another person on one's own behalf (e.g. sleeping, learning and activities for own recreation).
Working age	While no international standard on age limits exists, for purposes of statistical measurement, the working age population is commonly defined as persons aged 15 years and older, but this may vary from country to country.
Youth	For statistical purposes, the United Nations defines <i>youth</i> , as those persons between the ages of 15 and 24 years, without prejudice to other definitions by Member States. In practice, however, many national statistics offices apply their own definitions of youth which often differ from the international standard. In Uganda, a youth is a person aged 18-30 years.

## EXECUTIVE SUMMARY

The District Statistical Abstract is the district's prime annual report submitted to UBOS which provides the District Key Statistical Information from which, a National Statistical Abstract is compiled and published. It provides the statistical summary on various socio-economic indicators for the District and some figures in this edition may vary from those in the earlier editions due to the updates.

This abstract is divided into twelve (12) major chapters which are preceded by a glossary of definitions, National Standard Indicators (NSI), and Local Government Development Plan. A set of Statistical Appendix Tables that are serialized, using a combination of numbers and alphabets, such as Annex 1, Annex 2 etc., are also provided for the readers' information. The reader is encouraged to refer to such tables while reading the text.

**Chapter one** gives background information, location, size, climate, and vegetation, geographical and other features about the district. Rukungiri district is located in Western region of Uganda at Latitude 00° 47' 21" S and Longitude 29° 56' 30" E and is bordered by Ntungamo and Mitooma districts in the East, Kabale in the South, Rubirizi in the North and Kanungu district and Democratic Republic of Congo (DRC) in the West. And covers a total area of 1,524.28 Sq. Kms. The District has a total area of 1,524.28 Sq. Kms, 11% of which comprises tropical high forests, 5.5% woodland, 2.6% bush land, 21.3% grassland, 52% farmland and 7.6% open water

**Chapter two** presents statistics from administration department which subscribes to the following NDP Programmes; Governance and security programme, Public sector transformation, Administration of Justice & Legislature, and Digital transformation. Rukungiri District comprises of three counties; Rujumbura, Rubabo and Rukungiri Municipality. In 2022, the Ministry of Local Government approved additional 18 parishes making a total of 105 parishes. The district has a total of 16 subcounties/divisions, 105 parishes/wards and 831 villages/cells. The district council is the highest political authority in the district with 37 members under the leadership of the district chairperson and a technical team headed by the CAO. The crime rate in the district has this FY 2021/22 increased when compared to that of last FY 2020/21 as follows; rape cases increased from 5 to 16, accident cases increased from 48 to 148, and murder cases from 51 to 63. However, there was a decrease in defilement cases from 116 to 73 and domestic violence cases reduced to 79 from 207.

**Chapter three** presents information from the Department of Finance. It subscribes to the development plan implementation programme in the NDP III. In conjunction with the Accounting sector, the department is responsible for identifying the sources of revenue in the district and the possible sources include local revenue, unconditional grants, conditional grants and donor grants. The finance department presents information about the revenues and the expenditures in the previous financial year. The total budget allocation for the FY 2021/22 to the different departments was 47,294,262,000 The proportion of locally generated revenue was 1.8% The actual expenditure of the budget was 94.3%.

**Chapter four** presents information from the Internal Audit highlighting its Key functions and sections. The department responds to the development plan implementation NDP III programme. It gives information about the audited institutions, responses and findings. The share of unqualified audit report is 100%.

**Chapter Five** presents information from the department of Production and Marketing. It is comprised of five sectors namely: Agriculture, Veterinary Services, Fisheries, Entomology as well as Trade and Industry. It subscribes to Agro industrialization NDP III programmes. The district has a number of 46 microscale irrigation programs and 30 development sites. Concerning agricultural marketing, the district has a number of markets totaling to 8 general markets, 4 produce markets, 1 livestock market and 6 roadside markets. The number of households involved in Agriculture is 79,853/80,863(98.8%) and the ratio of agriculture extension workers to farmers is 1:1629(49/79,853). Fish farming is also practiced in the district by rearing fish in ponds and the district owns one landing site in Bwambara sub county with an annual fish catch of 680.326(kg) costing 5.9 billion. The livestock disease with the highest prevalence in the district is New Castle disease (92%) followed by Tick borne infections (85%)

**Chapter six** presents information from Health Department. It responds to Human Capital Development NDP III Programme. It focuses on the Health Infrastructure, Accessibility to health Services, Number of Health facilities (56 for government and 38 PNFP), Morbidity and cause of ill health, Health Manpower, Latrine Coverage, Maternal and Child Health (MCH), AIDS control (Prevalence, Control and Treatment), and Prevention of Mother to Child Transmission of HIV/AIDS. Number of Private Pharmacies (4), Number of Drug shops (94), Number of Private clinics (22), Number of Allied Clinics (15), Average Population served by each health unit: 3597 people, Percentage of population within 5km radius of health unit (95.3%). The district functionality status of water sources is at 86%, management committees is 89% with gender balance of 90%.

**Chapter seven** presents information from the department of Education. It responds to Human Capital Development NDP III Programme. It focuses on the Educational Institutions, schools Infrastructure, Staffing levels, Enrolment and enrolment ratios – primary and Secondary, Efficiency Ratios (primary), Performance in National Examinations by year in percentages, and Inspectorate. Rukungiri District has at least a primary school in every 5km radius with 50,000 primary school going children, 16,091 secondary school going children and 477 post-secondary school going children. It has a total of 289 primary schools where 178 are government aided and 111 are privately sponsored. There are 70 preprimary schools, 54 secondary schools where 24 are government aided and 30 are privately sponsored.

**Chapter eight** presents information from the Department of Natural Resource which comprises of the Natural Resources Office, the Lands and Physical Planning Office as well as the Forestry, Environment & Wetlands Office. The department responds to the following NDP III Programmes: Mineral Development, Natural resources, environment, climate change, land and water management, Regional Development, Sustainable urbanization and housing. It focuses on Environmental Sanitation and forestry. In the calendar year 2020, 500,000 tree seedlings were planted on both Gov't and government land. Natural forests cover 38,8880.27 acres, plantations cover 114,561.27 acres, central forest reserves cover 15,893.9 hectares, district forest reserves cover 11,559.2 hectares and private forests cover 46,381.29 hectares.

**Chapter Nine** presents information from the department of Trade Investment and Local economic development. It responds to the following NDP III programmes: Tourism development, Manufacturing, Private sector development, Innovation, technology development and transfer. The department is authorized to oversee and guide the commercial industrial, tourism, cooperatives and Local economic activities in the District for improved household income. The district has a total of 36 registered SACCOs and 22 multipurpose cooperative societies. In line with value addition and quality addition, the district has established 36 coffee processing hullers , 18 maize milling machines and 8 rice milling machines. The district has a wide range of tourism products and accommodation facilities which has the potential of increasing revenue.

**Chapter ten** presents information from the Department of works and technical services. The department responds to the following NDP III programmes: Integrated transport infrastructure and services, Sustainable urbanization and housing, and Regional Development. It focuses on Roads by grade, Length and condition, Housing, and Point water sources. The District has a total of approximately 345.81km of road network, 122.17km of Urban Road Network, and 845.07km of

Community Access Road network. The district is in charge of maintaining the condition of feeder roads whereas Sub-Counties maintain community roads. 66.83 km community access roads are in good condition; 300 km community access roads are in fair condition while 478.24 km community access roads are in poor condition.

**Chapter eleven** presents information from the Department of Gender & Community Based Services. The department responds to the following NDP III programmes: Community mobilisation and mind-set change, Administration of Justice, Human capital development. This chapter shows statistics on marginalized groups or communities. The mandate of the department is to promote social protection and promotion of human right as well as empowering these groups. There are 7000 community development groups, 74 women groups, and 142 youth groups in the district. The total number of OVCs is 39,036, orphans constitute 43.5% of OVCs, children out of school are 6582. There are two orphanage homes in the district.

**Chapter twelve** presents information from the planning Department. It subscribes to the following NDP III programmes: Development plan implementation, Regional development, Public sector transformation. It focuses on the population and social-economic characteristics of the district, the planning & budgeting process. Rukungiri District had a total population of 314,694 (150,016 Males & 164,678 Females) in 2014 and a total of 69,535 households with average household size of 4.5 persons (UBOS Census). It is now projected to be at a rate of 1.7% per annum. The recent (July 2020) under the net campaign covered a total of 80,863 households and a population of 416,777 with an average household size of 5.2 persons. The district distributed a total of 42,540,710,000 across all sectors including Town Councils and Lower Local Governments where education department took 53.2%, Health department, 15.7%, administration 17.8% and the least share goes to Trade, Industry & Local Dev't (0.1%).

# NATIONAL STANDARD INDICATOR FRAMEWORK

**Table 1: Level 3 Service Outcomes and Indicators for District Local Governments**

LOCAL GOVERNMENTS				
NATIONAL STANDARD INDICATORS				
NDP PROGRAMME	SERVICE OUTCOME INDICATORS	Baseline	Data Series	
		FY 2019/20	FY 2020/21	FY 2021/22
Agro- Industrialization	Annual growth of marketed agricultural output	2%	4%	6%
	Annual growth of farmer organization membership	28%	35%	36%
	Annual of registered farmer contacts with extension staff	8%	12%	15%
Natural Resources, Environment, Climate Change, Land and Water Management	% of people within 1,000m of an improved water source	85.3%	87%	87.5%
	% of rural water point source functional	87%	86%	88%
	Share of irrigated arable land	0.00359%	0.00359%	0.00359%
	Share of drainage network maintained	N/A	N/A	N/A
	Access to safe sanitation	98.9%	99%	99%
	Proportion of water sources tested for quality	0	0	0
	% of people with access to improved sanitation	61%	70%	70%
	Pupil to latrine/toilet stance ratio	1:58	1:30	1:30
	% of water samples taken at the point of water collection, water discharge point that comply with national standards (Protected Rural Sources)	0	0	0
	District reforestation rate	30%	20%	80%
	Area (ha) of wetlands demarcated and restored	8	10	1074
	Proportion of Wetland Action Plans and regulations developed	25%	25%	35%
	Share of licensed polluters	N/A	0	0
	Share of licensed water abstraction points	N/A	0	N/A
Private Sector Development	Annual growth rate of the local business register	0%	4%	5%
Integrated Transport Infrastructure and Services;	Share of District roads in fair-to-good condition	60.6%	65%	60%
	Share of community access roads in fair-to-good condition	10.3%	20%	25%
	Share of Urban access roads in fair-to-good condition	55%	62%	65%
	Numeracy rate	60%	55%	60%

Human Capital Development	Literacy rate	65%	60%	60%
	Enrolment rate (primary)	50,409	50,409	73538
	PLE Passs rate	94.70%	95.60%	94%
	Completion rate	98.40%	97%	95%
	Competency scores (Proportion of students passing exams o level)	97.80%	98.60%	86%
	Enrolment rate (secondary)	16,091	16,091	15209
	Performance index	86%	88%	87%
	Completion rate	92%	88%	83%
	OPD Utilization	1.4	1.5	1.5
	DPT Immunization coverage	81.2%	94.8%	100%
	Proportion of villages with functional VHTS	0%	0%	0%
	Facility-based Mortality Rate	169/100,000	265/100,000	33/100,000
	Share of admissions successfully discharged	15,924	31,764	34163
	Share of population aged 15-24 years with comprehensive correct knowledge of HIV/AIDS	—		
	Share of population with advanced HIV infection with access to ARV drugs	88.3%	90.20%	95%
	Incidence rates associated with malaria		5.8%	25.5%
	Death rates associated with malaria		0.7%	0.2%
	Proportion of TB cases detected and cured under DOTS	67.3%	55.5%	87.1%
	Proportion of deliveries conducted in government health facilities	67.3%	87.2%	90.2%
	Average number of ANC visits (ANC 1)	72.4%	89.7%	85.9%
	Average number of ANC visits (ANC 4)	45.9%	83.7%	77.9%
Community Mobilization and Mindset Change;	Adult literacy rate	70%	70%	70%
	Share of orphaned children	5.4%	5.4%	5.4%
	Share of population with disabilities	200/314,000	200/314,000	200/314,000
	Annual change in reported cases of child abuse	10%	12%	0.1
	Annual change in reported cases of domestic violence	10%	12%	0.1
	Recidivism rate	N/A	N/A	N/A
Governance and Security	Annual Governance Score (LGFC Assessment)			
	Annual change in the implementation gap of district resolution	0%	0%	0

Public Sector Transformation	Annual growth of approved construction plans		1%	1%
	Share of LG establishment staffed	83.1%	85.60%	83.1%
	Share of locally generated revenue	1.6%	1.80%	1.60%
	Budget absorption rate	99%	99%	99%
	Annual NDP compliance score	67.6%	72%	67.60%
	Share of unqualified audit reports	100%	100%	100%

## LOCAL GOVERNMENT DEVELOPMENT PLAN

**Table 2: LG Development Plan Results and Reporting Framework**

No.	Programme	Outcome Indicator (s)	Target	Achievement FY 2020/21
1.	Agro-industrialization	Number of value addition facilities established functional at least a year	143	500
		Quantity of Value addition products of various categories in metric tons	40	200
		Number of Small and Medium Enterprises involved in value addition chain	143	500
		Number of Small and Medium Enterprises involved in tendering and delivery of contracts in Oil and gas industries	0	20
		Number of SMEs supported and that are complied with standards in tendering and contracts in oil and gas	0	20
2.	Mineral development			
3.	Sustainable development of petroleum resources	Number of SMEs involved in tendering and delivery of contracts in oil and gas value chain	0	20
		Number of SMEs supported and that have complied to meet the needs in the oil and gas industry	0	50
		Number of local people employed in oil and gas related industries	0	60
4.	Tourism development	Number of local tourism attraction sites identified and developed	0	10
		Number of tourism facilities developed by private sector	0	10
		Number of skilled personnel trained and employed in the tourism industry	0	
		Total receipts from tourists as proportion of the district budget		
5.		Forest and tree cover (%)	4	10

No.	Programme	Outcome Indicator (s)	Target	Achievement FY 2020/21
	Natural resources, environment, climate change, land and water management	Wetland restoration(hectares)	0	5
		Proportion of households participating in tree growing	5	30
6.	Private sector development	Number of new micro and medium enterprises established in the district	1	10
		Number of local firms contracted and sub-contracted	5	30
		Number of private investment in key growth areas	1	10
		Proportion of goods and services contracted to local firms (Amount Money)		
7.	Manufacturing			
8.	Integrated transport infrastructure and services	Increase the number of kms of maintained district, urban and CARs roads.	300	550
		Increase the number of constructed bridges from 2 to 6	2	6
		Proportion of urban roads tarmacked	5	20
		Proportion of District tarmacked roads	2	15
		Total number in Kms of new district roads opened	10	50
		Total number in Kms of District Roads rehabilitated	0	200
		Total number of community Access Roads in Kms upgraded into District Roads	0	150
		Total number in Kms of Community Access Roads Maintained	150	400
		Total number of road bottle necks improved	0	45

No.	Programme	Outcome Indicator (s)	Target	Achievement FY 2020/21
9.	Sustainable energy development			
10	Digital transformation			
11	Sustainable urbanization and housing	Proportion of households having decent housing units	40	60
		Improve efficiency of solid waste collection	2	7
		Proportion of urban population having access to gainful or formal and decent employment	15	40
		Number of urban areas greened and protected (Acres)	5	15
		Increase the proportion of surveyed land	10%	30
12	Human capital development	Maternal Mortality ratio (per 100,000)	15	58
		Deliveries in health facilities	100%	87.2%
		Infant Mortality Rate (per 1,000)	16	16
		Under Five Mortality Rate (per 1,000)	20	25
		Pass rate at P7	100	95.6%
		Pass Rate at S4	100	98.6%
		Completion Rate at S4	100	88%
		Desk Pupil Ratio	1:3	1:4
		Classroom Student ratio	1:50	1:42
		Safe water coverage	95%	87%
13	Innovation, technology development and transfer			
14	Community mobilization	Increased the proportion of families, citizens and communities informed about national and community programs	50	90

No.	Programme	Outcome Indicator (s)	Target	Achievement FY 2020/21
	and mindset change	Reduction in prevalence of negative social norms and cultural practices that perpetuate gender inequality	60	20
		Proportion of households accessing public services	70	95
		Number of Government Programmes supported, owned and sustained by community	5	10
15	Governance and security programme	Increasing percentage of youth engaged in district service f	40	65
		Reduce corruption cases reported in the district	10	5
		Proportion of population having corruption perception on District Local Government	90	40
		Number of timely reports submitted to line ministries	4	20
		Un qualified opinion of the Auditor General	1	5
		Percentage Score in the National Assessment	76	90
16	Public sector transformation	Level of client satisfaction with the client feedback mechanism	60%	80%
		% of individuals achieving their performance target	70%	90%
		% of Public Officers receiving salary according to the approved pay plan	85%	100%
		Level of beneficiaries satisfaction with services provided	60%	85%
		Level of compliance with SDS in the district	65%	85%
		% of staff accessing payroll within 30 days after assumption of duty	75%	95%
		%age of Public officers whose qualification and competences are aligned to their jobs	85%	100%
		% of critical positions filled	80%	90%

No.	Programme	Outcome Indicator (s)	Target	Achievement FY 2020/21
		level of compliance to recruitment guidelines by district service commissions	85%	100%
		Proportion staff supported for capacity building	40%	80%
17	Regional development	Proportion of budget allocated to Lower Local Governments lagging behind	10	30
		Number of investments targeting the lower Local Governments lagging behind	2	10
18	Development plan implementation	Proportion of district development plan on target	60	80
		Proportion of Local Revenue to the Total District Budget	1.2	2.5
		Percentage of the Total Revenue collected	75	90
		Proportion of investments in the annual work plan and budget aligned to the District Development Plan	65	100
		Proportion of Development Partners aligning their interventions to District Development Plan		60
19	Administration of justice			
20	Legislature			

## GENERAL INFORMATION ABOUT THE DISTRICT

- Location: Latitude 00° 47' 21"S
- Location: Longitude 29° 56' 30" E
- District Creation 1974 from Kigezi District
- Creation of Rukungiri MC 2011
- Distance from Kampala 380Km
- Total area 1524.28 sq Km
- Land area 1445.64 sq Km
- Area of water bodies 78.64 sq Km
- Annual rainfall 132.3mm
- No. of subcounties 9
- No. of town boards 4
- No. of town councils 4
- No. of Municipal Councils 1
- No. of parishes 87
- No. of villages 831
- No. of District Councillors 34(20 males and 14 females)
- Proportion of Female District Councillors 41.2%

### Demography as of Census 2014

- National population 34.6Million
- Total population 314,694 (2014) projected to be 354,107 in 2021
- Male population 150,016 (2014) projected to be 168,805 in 2021
- Female population 164,678 (2014) projected to be 185,302 in 2021
- Population density 244 persons per sq. Km
- Average household size 4.5 persons
- No. households 70,853
- Annual population growth rate 1.5%
- Sex ratio 91:1
- Life expectancy at birth 56 years
- Ethnic grouping Banyankole, Bahororo, Bakiga, &Banyarwanda
- Commonly spoken language Runyankole and Rukiga
- Population below poverty line 28.1%
- Arable land 1,352.2 Km<sup>2</sup>

## Education

• No. of government aided primary schools	177
• No. of private Primary schools	135
• No. of nursery schools	70
• No. of Government Aided Secondary Schools	28
• No. of private secondary schools	30
• No. of technical schools	2
• No of vocational schools	11
• No. of core primary teachers' colleges	1
• No. of Nurses' training schools	3
• Primary school enrolment	50,409 (24,949 M & 25,460 F)
• Pupil-teacher ratio	38:1
• Primary school dropout rate	3%
• Desk-pupil ratio	1:5
• Pupil desk deficit	450
• Pupil-classroom ratio	50:1
• Current primary classroom deficit	100
• Pupil-latrine stance ratio	50:1
• Average distance to and from school	5Km
• PLE performance Div 1 total 2020	664 (10.4%)
• Pupil-text book ratio	3:1

## Health

• No. of hospitals	2 (PNFPS)
• No. of Health Centre IV's	4 Gov't & 1 PNFPS
• No. of health Centre III's	9 Gov't & 7 PNFPS
• No. of health Centre II's	40 Gov't & 726 PNFPS
• No. of licensed drug shops	77
• No. of allied clinics	22
• Doctor-population ratio	3 Doctors per 100,000 People
• Nurse-population ratio	7 nurses per 10,000 People
• Clinical population ratio	1 clinical per 10,000 People
• Deliveries in gov't health facilities	67.3%
• Ratio of midwives to pregnant women	5 mid wives/1000 Pregnant mothers per
• Disease burden by malaria	255

• Latrines coverage	98% (Existence of latrine structure)
• Safe water coverage	70.3%
• Prevalence rate of water borne diseases	6.1%
• Infant mortality rate	16/1000 live births
• Maternal mortality	58/100,000 mothers
• Total fertility rate	5.4 Children
• Stunting	237 children per year
• Polio immunization rate	84.2%
• BCG immunization rate	100%
• Village Health teams trained	426
• HIV prevalence	5.9%
• ANC coverage	ANC 4 <sup>TH</sup> 51.6% ANC 1 <sup>ST</sup> – 93%
• Immunisation coverage	DPT3 – 86.4%
• Teenage pregnancy rate	16.3%
• HIV/AIDs testing points	25
• Births with low birth weight (<2.5kg)	427

#### Socio Economic Works

• Total length of district roads	345.81Km
• Road length in good condition	66.83Km
• Road length in fair condition	300km
• Road length in poor condition	478.24Km
• Length of community roads	845Km
• Total length of trunk roads central Gov't	208.2Km
• Total length of tarmac roads	20.3 m

#### Community based Services

• No. of NGOs	30
• No. of CBOs registered	29,355
• Literacy rate among women	77% (64,404 Females)
• No. of Community Development Organization	867
• No. of organized women groups	74

#### Production and Marketing

• Agricultural labour force (women)	74.7%
-------------------------------------	-------

• Women with access/control (agricultural produce)	30%
• Women who own land	10%
• Population in subsistence agriculture	78.2%
• Population trading in agriculture produce	61.9%
• Households rearing animals	73.9%
• Households fishing	428
• Households trading in agriculture products	61.9%
• No. of cattle (Local Breeds low grade crosses)	30,548
• No of Cattle (Exotic and High Grade Crosses)	30,239
• No. of goats	77,076
• No of sheep	9,718
• No of pigs	12,949
• No of Rabbits	2,113
• No. of co-operatives	51

# **CHAPTER 1: INTRODUCTION**

## **1.0 Background**

This chapter gives background information, location, size, climate, and vegetation, geographical and other features about the district.

## **1.1 Profile of the Local Government**

### **1.1.1 Location and Size**

Rukungiri is one of the districts in the Western region of Uganda. It is bordered by Ntungamo and Mitooma districts in the East, Kabale in the South, Rubirizi in the north and Kanungu district and Democratic Republic of Congo (DRC) in the West. Rukungiri is Located at Latitude  $00^{\circ} 47' 21''$ S and Longitude  $29^{\circ} 56' 30''$  E. Rukungiri District has a total area of 1,524.28 Sq. Kms and her headquarters are situated in Rukungiri Municipal Council.

### **1.1.2 Historical Background**

At Independence in 1962, Rukungiri District was part of the Kigezi District. In 1974, Rukungiri District was created under the auspices of taking services nearer to the people. By then it was called North Kigezi District until 1980 when the name was changed to Rukungiri District. It is one of the 14 districts that were selected in 1993 for the second phase of decentralization. Since its creation and particularly after decentralisation, the district has gone through significant transformation to establish itself on a firm ground especially with regard to improved management, planning capacity and participation of communities in the development process. In 2001, the greater Rukungiri was divided to create Kanungu district thus reducing the district to only 2 counties of Rujumbura and Rubabo.

### **1.1.3 Geographical Features**

The District has a total area of 1,524.28 Sq. Kms, 11% of which comprises tropical high forests, 5.5% woodland, 2.6% bush land, 21.3% grassland, 52% farmland and 7.6% open water. Rukungiri District is composed of two counties of Rujumbura and Rubabo, 1 Municipal Council (Rukungiri municipality), 3 Municipal Division Councils, 4 Town Boards, 9 Sub counties, 80 Parishes and 827 Villages.

#### **1.1.3.1 Topography**

It is characterized by undulating hills, with steep slopes and V-shaped valleys. The hill tops continually rise to over 1846 m above sea level. It lies at an altitude range of about 615 m to 1864

m above sea level. There are three distinctive topographic zones. It has plateau areas with local relief dropping to 615 m above sea level. There are three distinctive topographic zones.

#### **1.1.3.2 The Highland Area**

This is associated with rejuvenated landscapes. It was affected by rift valley faulting. The topography is deeply undulated with steep slopes, which occur along fault lines and extend considerable distances beyond the drainage basins. The hills characteristically encircle lowland areas. This zone includes the sub-counties of Nyarushanje and Nyakishenyi.

#### **1.1.3.3 The Plateau Area**

It is associated with gently undulating plains. This area gradually rises from 9234 m (Lake Level) to slightly over 1169 m near the escarpment. The change in level is due to lake terracing as the water receded due to up warping during late rift movements. This zone includes the sub-counties of Kebisoni, Buyanja, Ruhinda, Buhunga and Nyakagyeme.

#### **1.1.3.4 Climate**

The district has bimodal rainfall with long rains received from February to May and short rains from September to November. The mean annual rainfall ranges between 700mm and 1200mm. Recent climatic observations indicate that the rainfall pattern, distribution and amount are becoming more unpredictable and unreliable. The District is generally cool with daily temperatures ranging from 15°C to 20°C. There is no readily available data on humidity and winds

#### **1.1.3.5 Soils**

The soils in the district are generally sandy clay loams. The most common soil types are greyish brown, sandy loams and reddish-brown sands with sandy loams: Dark brown sandy clay loam is also common. The parent rock to these soils is Rift valley sediments and volcanic ash. Pressure due to population increase and poor methods of soil management and the land tenure system have negatively affected the soils and degradation is rampant.

#### **1.1.3.6 Drainage**

The district is endowed with a number of rivers and one major lake. Lake Edward is the main lake in the district where fishing activities take place at Rwenshama Fishing village. Other small lakes include Kimbugu in Nyarushanje and Lake Garubunda in Kebisoni sub-counties.

The District has both permanent and temporally wetlands (approximately 78.64 sq km). They include Ntungwa (Birara) system, Nchwera system and Lake Edward margins. There are also minor wetlands that drain into Kagera system and eventually form part of Lake Victoria drainage system.

#### **1.1.3.7 Mineral Resources**

The situation of mineral resources in the district is not clearly established. However, some prospecting and other activities like borehole drilling, show evidence of the presence of some minerals like iron and tin in Rujumbura, Gold, and limestone in Rubabo Counties. There is however, exploitation of clay and sand for construction purposes. Clay mining takes place mainly from Nyaruzinga in Kagunga Subcounty and sand from Bwambara subcounty. Recent exploration activities in the rift valley in Bwambara Subcounty and on Lake Edward, show prospects for oil and gas

#### **1.1.3.8 Vegetation (Flora)**

Land that is not under cultivation is covered by three main vegetation zones namely forests, forest/savanna mosaic and grass savanna. The medium altitude forest types are portions of Maramagambo forest in Rujumbura County and are also common in parts of Nyarushanje and Nyakishenyi in Rubabo County, although clearing for cultivation is a constant threat. Forest/Savanna mosaic are commonly found in Buyanja, Kebisoni, Nyakagyeme and parts of Nyakishenyi subcounties.

Towards Queen Elizabeth National Park in Bwambara subcounty and River Minera in Kebisoni subcounty, grass savanna is dominant. The district is host to some Forest Reserves for both natural forests and plantations. The plantation forests, which are largely eucalyptus and pine species constitute about 20% of the forests.

#### **1.1.3.9 Wild Life (Fauna)**

The District is one of the few in the country endowed with a great variety of fauna, found mainly in Queen Elizabeth National Park, Kigezi Wildlife Reserve and Maramagambo Forest. Human activity particularly habitat destruction, poaching and encroachment are issues of concern, as are vermin and problem animals which escape from Parks and raid crops. Management of the wildlife focuses on protected areas. Animals include Buffalos, Climbing Lions, Elephants, Uganda Kobs,

Toppi and many species of reptiles, birds and other animals These form part of Tourist attractions to the District.

#### **1.1.3.10 Land Resources**

Like other Districts in Uganda, most people in Rukungiri District derive their livelihood from land. However, the increasing population has created pressure on the limited land resources. Land use in the District falls in five main categories namely grasslands, swamps, forests, small and large scale farming and built up area.

#### **1.1.3.11 Water Coverage**

The overall safe water coverage of the district is currently 74.6% at household level. While in towns, it goes to 90%. Rwerere, Kebisoni, Buyanja, Nyakagyeme, Buhunga, Bikurungu, Rwenshama, Kisiizi and Bwanga towns are all served with piped water. Rural water supply to villages of Kakirago, Kateramo, Kagashe, Bugagngari trading centre and Campbell on Katabushera gravity flow scheme was completed. The Ministry also has plans to construct bulk water system supply from Lake Edward to communities in Bwambara and Bugangari sub counties. Plans to supply Rukungiri Municipal Council with piped water from Kahengye River at the border with Ntungamo district are in progress.

#### **1.1.4 Population and Demographics**

To formulate present and future development programmes, the district needs to know the size, quality, distribution and growth of its population. Population censuses are the main sources of demographic data in general and information on population size, distribution and growth rate in particular. Other sources may include various surveys, Birth and Death Registration and Administrative Records.

The total population of Rukungiri district in 2014 was 314,694 (Census 2014) and is projected to be 360,127 at a rate of 1.7 per annum in 2022.

The distribution of a population by age and sex is among the basic types of information needed for planning. Sex and age composition of a population has significant implications for the reproductive potential, human resource, school attendance, family formation, health care and other service delivery in general. The National Population and Housing Census was conducted in 2014 by UBOS and the results showed the ratio of male to female as 49:51.

Population density refers to the number of people per square kilometre. Rukungiri district has a total area of 1524.28 sq.km and land area of 1445.64sq km. Therefore, the population density was 218 persons per sq.km of land in 2014 year. The population density increased from 218 persons per sq.km in the year 2014 to 241 persons per sq.km in the year 2020.

A Household is defined as a group of people who normally eat and leave together. Household composition is a key variable for determining demographic characteristics of a population. Household size refers to the number of occupants of a household. The average household size was estimated at 4.5 persons per household.

### **1.1.5 Economic Profile**

The socio-economic characteristic entails the wellbeing of the community. It includes the housing conditions, household assets, incomes and outstanding loans, household expenditure, welfare indicator and cultural participation of household members.

#### **1.1.5.1 Housing conditions by type of house**

Housing is one of the basic human needs that have a profound impact on the health, welfare, social attitude and economic productivity of the individual. It is also one of the best indications of the person's standard of living and his/her place in society.

This section provides information on the housing conditions of the population, household sanitation, assets and amenities available to the household and general household welfare.

**Table 1.1: Type and Construction materials of the dwelling Units**

Status of Dwelling Unit	# Households	Percentage
Semi-Permanent	58,318	83.9%
Temporary	2,590	3.7%
Dwelling Units constructed by permanent roof materials	66,869	96.2%
Dwelling Units constructed using permanent wall materials	10,453	15.0%
Dwelling Units constructed using permanent floor materials	19,331	27.8%

Source: NPHC, 2014

## **1.2 Administrative Structure**

The District is comprised into Rujumbura and Rubabo counties and Rukungiri Municipality with 9 rural Subcounties, 4 Town Councils and 3 Municipal Divisions. The District constitutes of 87 Parishes and 827 Village Councils. Rujumbura County covers most of the district area as it comprises of 5 sub counties, followed by Rubabo County, which comprises of 4 subcounties and then Rukungiri Municipality with 3 Divisions. The District has 4 town councils namely: Buyanja, Kebisoni, Rwerere and Bikurungu.

## **1.3 Financing Framework**

The main source of revenue for Rukungiri district is Conditional Grants contributing 75.4%, this is followed by unconditional grants contributing upto 11.5%, other grants also contribute 2.1% and Local Revenue contributed 1.8%. Rukungiri DLG didn't receive any donar grant in the FY 2020/22. This implies that 98.2% of the district budget are transfers from Central Government and only 1.8% from the Locally Reised Revenue.

On the budgetary allocation, education department takes the biggest portion of 47.9%, followed by administration with 16.9%. Health department also takes 16.6% and the least 0.2% goes to Trade, Industry & Local Dev't. The overall actual expenditure was at 94.3%.

## CHAPTER TWO: ADMINISTRATION DEPARTMENT

### 2.1 Introduction

Mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP

### 2.2 NDP III programmes

The department responds to the following NDP III Programmes; Governance and security programme, Public sector transformation, Administration of Justice, Legislature, Digital transformation and Human capital development

### 2.3 Local Government Service Delivery

#### 2.3.1 Administrative Structure

The District Council is the highest political authority in the district, with 37 members under the leadership of the District Chairperson. It has a technical team headed by the Chief Administrative Officer, distributed in 8 departments. Each of the departments has a head and under every department, there are a number of Sections. In 2022, Ministry of Local Government approved additional 18 parishes thus making a total of 105 parishes as shown in table 2.1 below. These new parishes are approved but not yet functional.

**Table 2.1: Showing Administrative units by County**

## 2.6 Digital transformation

### a) Communication lines in the LG

The district is not connected to national Backbone. However, we have airtel, Mtn and Lyca as the communication lines.

**b) Radios and TVs accessed (Signal coverage)**

We have two radio stations; Radio Rukungiri and Radio Boona. However, we access signals from all radios in the neighboring districts of Bushenyi, Kanungu, Ntungamo, Mbarara among others.

**c) No of awareness radio shows participated in**

The district (Both technical and political leaders) participates in a radio talk show of Ihanga Ryawe program on Radio Rukungiri every Monday from 9-10am tackling the prevailing district activities. Similarly, there is a weekly radio program called government hour on Radio Boona every Tuesday 9-10am.

**d) Connections to National Back-bone Infrastructure**

**Table 2.9: Government Units connected to National Back-bone Infrastructure**

## CHAPTER THREE: FINANCE DEPARTMENT

### 3.1 Introduction

The Finance department is composed of 6 sectors which include Audit, the Procurement Unit and Planning Unit among others. It is one of the biggest departments in the District whose objectives are to;

- Identify and expand the Revenue Base:
- Build Finance and Management Capacity at district level; and
- Strengthen Data Management systems, Revenue VRS and to influence demographic trends & patterns in a desirable direction.

### 3.2 NDP III programmes

The department responds to the following NDP III Programmes:

- I. Development plan implementation

### 3.3 Local Government Service Delivery

**Table 1.14: Budgetary allocations by Departments for FY 2021/22**

Department	Budget Allocation	(%) share
Administration	7,988,527,000	16.9
Finance	524,520,000	1.1

## CHAPTER FOUR: INTERNAL AUDIT

### 4.0 Introduction

Mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP

### 4.1 NDP III Programme

The Department responds to the following NDP III programmes:

- i. Development plan implementation

### 4.2 Local Government Service Delivery

#### a) Institutions Audited

**Table 4.1: Number of institutions audited by type and Sub-county**

Sub county	Health facilities			Schools		Hospitals
	H/C IVs	H/C IIIs	H/C 11s	Secondary schools	Primary schools	
Buhunga	01	02	05	01	30	
Nyakishenyi	00	02	06	02	10	
Nyarushanje	00	02	04	02	20	01
Bwambara	00	02	03	01	18	
Ruhinda	00	03	07	02	22	
Kebisoni	01	02	03	02	19

## CHAPTER FIVE: PRODUCTION AND MARKETING

### 5.1 Introduction

The production sector is comprised of four sectors namely: Agriculture/crop, Veterinary Services, Fisheries, Entomology as well as Trade and Industry. The department also ensures that appropriate institutional linkages are maintained with all relevant sector agencies; comprising mostly crop, livestock, fisheries, forestry and industrial research, marketing organizations, NGOs and CBOs engaged in agricultural activities

### 5.2 NDP 3 Programmes

The department responds to the following NDP III Programmes

- i. Agro-industrialisation

### 5.3 Local Government Service Delivery

#### 5.3.1 Staffing for Agriculture

**Table 5.1: Technical Staff by Category by gender**

Category of Staff	Male	Female	Total
District Production and Marketing Officer (DPMO)	1	0	1
Principal Agriculture Officer (PAO)	1	0	1
Senior Agriculture Officer (SAO)	0	1	1
Senior Entomologist	0	1	1
Senior Fisheries Officer	1	0	1
Senior Veterinary Officer	1	0	1
Senior Agriculture Engineer	1	0	1
Agriculture Officer	8	3	11
Veterinary Doctor	1	0	1
Assitant Agriculture Officer	8	5	13
Assistant Animal Husbandry Officer	12	0	12
Assitant Fisheries Officer	2	0	2
Sector Accountant	1	0	1
Stenographer	0	1	1
Office Attendant	0	1	1
Driver	1	0	1

### 5.3.6 Animal clinics

Rukungiri district has no animal clinic established and operational at standards. However, it has a total of 15 animal drug shops located in different subcounties as shown in table 9.6 below. We also note that only 6/16 subcounties/divisions/town councils have atleast a functional drugshop. Similarly, there is no functional livestock water facilities management committees, no livestock water facilities constructed and no water user committees trained.

**Table 5.7 Number of Animal drug shops established and operational at standards**

Sub-county	#Animal drugshops
Eastern Division	4
Buyanya Town Council	3
Kebisoni Town Council	3
Nyarushanje	2
Southern Division	1

Western Division	1
Total	15

### 5.3.7 Fisheries

Fish farming is an activity in which farmers construct fishponds usually on their holding and introduce fish fries (young fish). Fish fries are commonly obtained from fish breeders like the Fisheries Research Institute (FRI) of the National Research Organization (NARO). This section presents statistics on the numbers of fish catch, values of the fish catch, numbers of landing sites, numbers of fish ponds and the numbers of boat engines in the landing sites.

**Table 5.8 Number of fish farmers by sub-county**

Sub-county	No. of fish farmers	No. of fish ponds		
		Stocked	Un stocked	Total
Buyanja	07	10	01	11
Buyanya Town Council	04	09	03	12

## 5.4 Agro-industrialisation

### 5.4.1 Crop production

Both perennial and annual crops are grown in the district. The annual crops are mostly grown for home consumption. Agriculture is the most common economic activity in the district. The majority of farmers are small holders who grow both perennial and annual crops. The perennial crops include Banana, Coffee, Apple and Tea, while the annuals include maize, sweet potatoes, beans, Rice, cassava and groundnuts. Table 5.15 shows the major crops grown in the District as of 2020.

- Number of Households involved in Agriculture: 79,853/80,863 (98.8%)
- Ratio of Agriculture Extension workers to farmers: 1:1629 (49/79,853)

**Table 5.15: Estimated number of households engaged in selected crop Production**

Crop	Number of households	Percentage of Total Households
Maize	79,000	97.7
Beans	78,300	96.8
Bananas	67,300	83.2
Coffee	63,882	79.0
I/Potatoes	16,900	20.9

#### 5.4.8 Storage facilities

Note: The district has no central storage facilities. Farmers use sacks to store their produce.

## CHAPTER 6: HEALTH SERVICES

### 6.1 Introduction

The Department of Health is headed by the District Health Officer whose mandate is guided by the District 5-Year Strategic Plan that focuses on the achievement of equity through increased access to Minimum Health Care Package (MHCP), Quality care, efficiency, accountability and transparency.

The overall goal of the sector is to provide good quality services to the people of Rukungiri district so as to make them attain good standards of health in order to live a healthy and wealthy population in sustainable and secure environment. The sector objective is to reduce morbidity and mortality from the major causes of ill health and premature health and disparities therein". Rukungiri district has 94 Health Units of different categories both Government and NGOs with 4 Gov't HCIVs and each having two medical doctors. The district lacks a government Hospital which makes it difficult for people to access services and it requires quick attention at all levels.

### 6.2 NDP III Programmes

The department responds to the following NDP III programmes

- i. Human Capital Development

### 6.3 Local Government Service Delivery

#### 6.3.1 Human Resources for Health

Health Department lacks a Senior Health Educator in DHO's office, 3 Medical Officers 1 Senior Nursing Officer and 2 Public Health Nurse for HC IVs. The district also has unfilled positions of 4 senior clinical officer, and 4 clinical officers, 7 lab technician for HC IIIs. Generally, the staffing level of health sector is at 69.5%

### 6.3.3 Health Services Accessibility indicators

Indicator	2019/20	2020/21	2021/22
Number of HC IIIs constructed and equipped			1
Number of HC IVs constructed and equipped			0
Number of staff houses constructed			2
Number of beds functional			4
Number of theatres functional			6
Number & (%) of health centres connected to national electricity grid			
Number & (%) of health centres with an improved water source			
Practicing Doctor: population ratio:	12.4/100,000	12.6/100,000	12.8/100,000
Nurse: Population ratio	9.1/10,000	10.2/10,000	10.4/10,000
Clinical Officer: Population ratio	1.8/10,000	1.9/10,000	1.9/10,000
Midwives: pregnant women (15-49) ratio	5.5/10,00	5.8/1,000	6.0/1000
Number of mothers receiving complete antenatal services	9,837	13,785	13,224
Average Population served by each health unit	3,597	3,549	3,610
Percentage of population within 5km radius of health unit	95.3%	95.3%	95.3%
OPD Utilization	1.4	1.5	1.5
Deliveries in health facility	71.2%	84%	90.2
Share of admissions successfully discharged			

### 6.3.4 HIV AIDS control (Prevalence, Control and Treatment)

According to the Health Sector Strategic Plan(HSSP III), HIV/AIDS is one of the communicable disease that account for over half of the total burden of disease are leading cause of ill health and mortality in Uganda. The overall objective for the communicable diseases cluster is to reduce the prevalence and incidence of communicable diseases by atleast 50 percent as per the MDGs and NDP target.

- HIV/AIDS Prevalence Rate 6.2 % where Male 5% and Female 7.3%
- ART Coverage; Male 82.2% Female 99.8% and General 93.1%

Source: (MoH fact sheet 2020)

#### 6.3.4.1 HIV/AIDS Counselling and Testing (HCT) Sites

The distribution of HIV/AIDS counselling and testing sites is important in ascertaining the level of accessibility of this health service within the district. Table 4.17 below indicates the distribution of HCT services by facility by location.

**Table 6.8: Distribution of HCT Services by Facility by Location**

s/n	Name of facility	Category	County	Subcounty	Ownership
1	Buyanja HC III	HCIII	Rubabo	Buyanja TC	Gov't

#### 6.3.4.3 Prevention of Mother to Child Transmission of HIV/AIDS

Indicator	2019/20	2020/21	2021/22
Expected number of pregnancies:	16,545	16,680	16970
Number of new ANC clients at PMTCT sites:	13,848	15,088	14486
Number of pregnant mothers pre-test counselled:	12,761	13,856	13512
Number of pregnant mothers tested for HIV:	12,761	13,856	13512
Number of pregnant women tested HIV positive:	191	164	98
Number of partners tested for HIV:	2,838	2,447	2037
Number of partners tested HIV positive:	47	21	17
Share of population aged 15-24 years with comprehensive correct knowledge of HIV/AIDS			

### 6.3.4.3 Anti-retroviral Drug Administration

Indicator	FY 2019/20	FY 2020/21	FY 2021/22
Number of HIV positive women given combivir and NVP during pregnancy:			
Number of HIV positive pregnant women received NVP only:	163		
Number of positive pregnant women receiving Triple therapy (ART):	195	951	848
Share of population with advanced HIV infection with access to ARV drugs		117	527

### 6.3.3.4 Labour and Delivery care

Indicator	FY 2019/20	FY 2020/21	FY 2021/22
Number of HIV positive mothers:			
Total number of deliveries:	11,761	13,966	15,302
Number of HIV Positive deliveries:	689	758	744
Number of HIV positive deliveries on HAART:	689	758	744
Number of infants received ARV prophylaxis:	647	<b>635</b>	<b>543</b>
Number of infants born to HIV positive mothers tested for HIV:	755	732	695
Number of children born to HIV positive mothers tested HIV positive:	08	21	15

### 6.3.5 Drug Inspection

Drug Inspection is important during the provision of health services in order to;

- Provide safe, good quality, efficacious medicines and medical supplies to the general public in both public and private sectors.
- Promote proper and rational use of drugs, records management among health workers through support supervision, on job training and sensitisation on compliance with National Drug Policy and Authority Act and National Standard Clinical Guidelines.

**Table 6.13: Number of Licenced drug shops in the district**

Type	Number
Private Pharmacies	4
Drug Shops	94
Dental Clinics	2
Allied Clinics	15
Domicilliary	

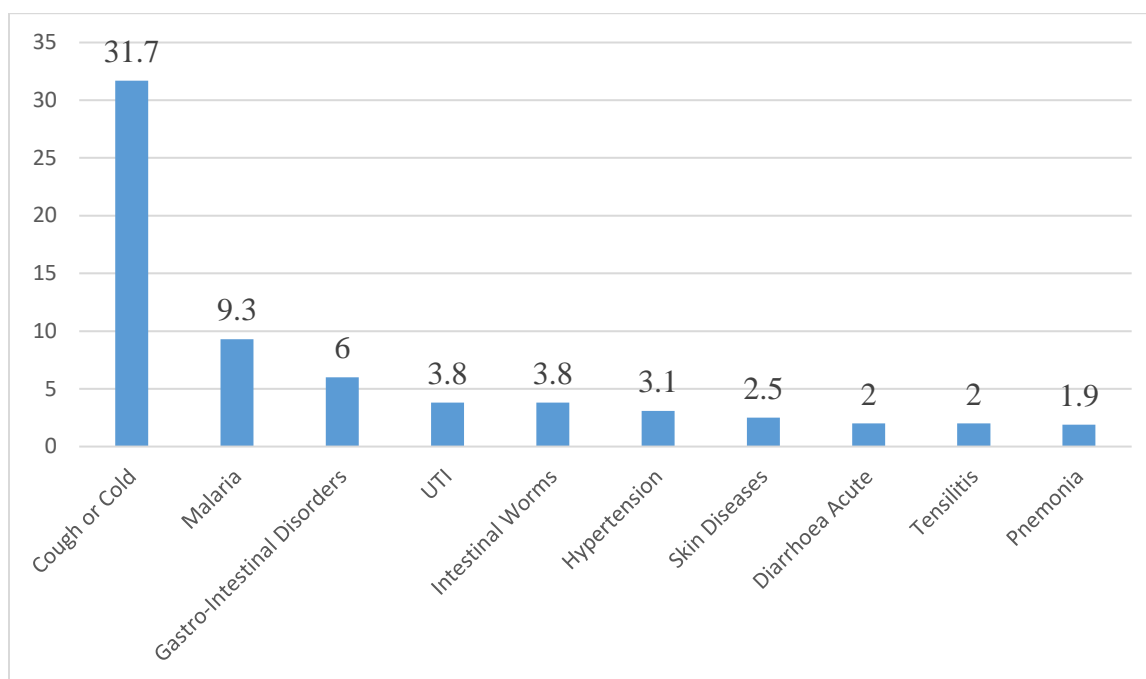

**Source: DHO's Office**

## 6.4 Human Capital Development

### 6.4.1 Morbidity and cause of ill health

This section details the frequency of disease, illness, injuries, and disabilities in a population within the district

**Figure 6.1: Disease burden of top ten diseases**

Source: HMIS Annual Report FY 2020/21

Cough or cold-No pneumonia is the most frequent disease covering 27.7%. Malaria which was most frequent in previous years comes in second with 8.2%. The rise of cough can be attributed to the outbreak of COVID 19 pandemic.

**Table 6.14: Incidence of illnesses**

Illness	2018/19	2019/20	2020/21
Cancer burden/cases			
New HIV infections			
Tuberculosis incidence			
Malaria incidence			
Hepatitis B incidence			
Cardiovascular Incident cases			

## Under 5 illnesses attributed to Diarrheal diseases

Source: HMIS

### 6.4.1.1 Tuberculosis, Leprosy and Onchocerciasis

According to the Annual Health Sector Performance Report 2020/2021, the Tuberculosis treatment success rate was 76.7 percent compared to 72.3 percent from the previous FY 2019/2021. There was an increase in performance by 3.7%

During the same period, the following number of patients was registered in the district;

- Patients suffering from TB: 487
- Annual target 670 TB patients with Case Notification Rate (CNR) 73%
- Patients suffering from Leprosy: 0
- Patients suffering from Onchocerciasis: 0

### 6.4.2 Mortality

#### Leading causes of mortality in the LG (Top 10)- Bar Graph

**Table 6.15: Facility based mortality**

Cause	2018/19	2019/20	2020/21
Hypertension mortality rate			
Diabetic mortality rate			
Cancers mortality rate			
Injuries All mortality rate			
Malaria death rates			
AIDS death rates			
TB death rate			
Suicide mortality rate			
Mortality rate attributed to unintentional poisoning			
Mortality rate attributed to unsafe water, unsafe sanitation, and lack of hygiene			

Source: HMIS

### 6.4.3 Immunization coverage during 2019/20

<b>Antigen</b>	<b>FY</b>		
	<b>2019/20</b>	<b>FY 2020/21</b>	<b>FY 2021/22</b>
Immunization coverage			
Percentage coverage of BCG	91.4%	98.6%	93%
Percentage coverage of Polio		81.6%	100%
Percentage coverage of DPT		94.8%	100%
Percentage coverage of Measles	78.9%	96.5%	103%
Percentage coverage of TT Pregnant			
Percentage coverage of TT Non-pregnant			
No & (%) of girls immunized against cervical cancer by 10 years			
% of eligible population screened-cancer			
Percentage of eligible population immunized against COVID19			

#### 6.4.4 Sanitation

##### 6.4.4.1 Latrine Coverage

This section will include the number of household within a community that have access to toilet facilities. It also looks at the type of latrine owned by the household.

**Table 6.16: Latrine coverage for 2021/22**

Sub county	Latrine Facility Coverage				
	Total HH	HH with Improved latrines	HH with Unimproved latrines	No latrines	%ge (2021/22)
Buyanja	6,826	4,096	2,730	68	99.1
Kebisoni	4,989	2,993	1,996	100	98.0
Nyakishenyi	7,682	4,609	3,073	195	97.5

Type of toilet facilities	%age
Covered pit latrine	97.5%

VIP Private	0.5%
Uncovered pit latrine	1.5%
Flush toilet	0.5%

Source: DHOs office

#### 6.4.4.2 Safe Water Coverage

This section will cover the percentage of people within a reasonable walking distance (1 km for rural and 0.2km for urban) to an improved water source. A reliable water source is one capable of supplying its beneficiaries, a minimum of 20 litres per capita per day.

**Table 6.18: Distance of households to nearest Water Source by sub-county**

Sub-county	Upto 1kms	Over 1kms
Buyanja	91%	9%
Buyanya Town Council	95%	5%
Kebisoni	92%	8%

Southern Division	4	26		
<b>Total</b>	<b>87</b>	<b>827</b>		

#### 6.4.6 Maternal and Child Health (MCH)

The section gives information relating to maternal and child health indicators for 2020/21. The following are highlighted:

- Number of mothers receiving antenatal: 14,486
- Number of mothers receiving post natal services:
- Number of supervised deliveries by skilled personnel: 15302
- Number of mothers practicing family planning: 47,251
- Infant mortality rate: 14/1000 live births
- Under 5 mortality rate: 20/1000 live births
- Maternal mortality rate: 33/100,000 live births

#### Challenges /constraints

- Lack of staff accommodation- only 10% of staff access shared houses
- Inadequate staff in most Health Centres especially HCIIIs

- Limited and inadequate supply of vaccines for COVID-19 amidst the high demand from the population
- Most buildings in Health Facilities are in dire need of major renovation
- Inadequate supplies for personal protective equipment since the start of COVID-19 pandemic
- Disruptions to smooth operations, health care seeking due to COVID-19 pandemic
- One sound vehicle in the department for all functions: Supervision of health services, administration, delivery of supplies to lower health units.
- Inadequate funding for services especially medicines and other medical supplies and commodities
- Inadequate/lack of transport at HC II and IIIs for outreaches and other administrative functions.
- Geographically remote/hard to reach & stay health facilities coupled with difficult terrain
- Limited capital development funds for infrastructure development, maintenance and renovation.

## **CHAPTER SEVEN: EDUCATION AND SPORTS**

### **7.1 Introduction**

The Department of Education is charged with overseeing the implementation of the National and District Education Policies and Plans. It also monitors and evaluates the performance of the education system and school operations to keep required standards within the district. The areas of focus include Teachers, Pupils, School Facilities and Parents and guardians.

The Department also seeks to strengthen the institutional frame work for the management of schools and assurance of accountability of public resources in education programmes. The department is one of the best funded sectors in the district taking morethan half of the district Total Budget (56%). The District Council equally joins the Government to promote education for all its citizens in partnership with parents and others members of the community. As such, the Government's Education policy is to promote quality basic education by improving access by girls and boys, equity and retention in all Primary schools and other levels of learning.

### **7.2 NDP III Programmes**

The department responds to the programmes on:

- i. Human capital development

### **7.3 Local Government Service Delivery**

#### **7.3.1 Number of Educations Institutions**

Educational institution is any institution whose sole or main purpose is the provision of education and such institution must be normally accredited or sanctioned by some public authority.

The District has 177 Primary Schools, 28 Secondary Schools and three (3) Tertiary Institutions. There is a government aided primary school in each parish/ward has except 5 wards of Eastern ward Bukurungu TC, Kagugu&Bigaga in Rwerere TC, Ndorero & Kitimba in Eastern and Western Division Rukungiri Municipality respectively. This eases access to primary schools with 5kms.

For secondary schools, following the government's move to have atleast a secondary school in each subcounty and after completion of Kebisoni Seed School, there is atleast a secondary school in each sub-county except Rwerere Town council.

**Table 7.1: Number of primary schools by ownership by Sub-county**

Sub-County	Primary			Secondary		
	Govt	Private	Total	Govt	Private	Total
Buyanja	18	11	29	1	2	3
Buyanya TC	3	2	5	2	7	9
Kebisoni	11	2	13	0	1	1

#### 7.3.4 Performance in National Examinations

UNEB examinations for 2020 were held amidst the COVID 19 pandemic. The following is the analysis of Rukungiri District Local Government Schools (Excluding Municipal Council) in national exams.

The cumulative National Performance of divisions 1, 2 and 3 was at 76.6% whereas that of Rukungiri District was at 86.3%, an indication that the district performance was better than the national performance. This has been attributed to the able leadership through regular supervision and monitoring and school inspection, provision of school infrastructure and recruitment of human resource like head teachers and teachers.

**Table 7.8: Primary Leaving Examination indicators; 2020**

Indicators	Male	Female	%age	Total
Pupils who registered	2941	3584		6,525

Conclusion

## CHAPTER EIGHT: NATURAL RESOURCES

### 8.1 Introduction

The Department of Natural Resources comprises of the Natural Resources Office, the Lands and Physical Planning Office as well as the Forestry, Environment & Wetlands Office. It is charged with the responsibility of ensuring sustainable and productive utilisation of natural resources for poverty reduction, enhanced economic growth and improved livelihoods. The major causes of the deterioration the quality and the quantity of the natural resource base is associated with human activity. There is massive deforestation particularly on privately owned land where most of the districts tree resources are. This is closely followed by wetland degradation as a result of cultivation of crops. Other threats are soil erosion whose magnitude and impact has never been quantified.

### 8.2 NDP III Programmes

The department responds to the following NDP III programmes:

- i. Mineral Development
- ii. Natural resources, environment, climate change, land and water management
- iii. Regional Development
- iv. Sustainable urbanization and housing

### 8.1 Environmental Sanitation

Indicator	Value 2019/20
Number of solid waste collection points	3

Waste Management

*Source*

**8.5 Conclusion**

Tree planting in Rukungiri District is increasing gradually year after year due to increasing demand for wood products. The population increase has forced tree farmers to plant eucalyptus

near water sources especially in wetlands. Other tree species have been introduced to farmers in abid to reduce monopoly on eucalyptus.

## CHAPTER NINE: TRADE, INVESTMENT AND LOCAL ECONOMIC DEVELOPMENT

### 9.1 Introduction

Under Trade Industry and Local Economic Development (LED) the department is mandated to oversee and guide the commercial industrial, tourism, cooperatives and Local economic activities in the District for improved household income

### 9.2 NDP III Programmes

The department responds to the following NDP III Programmes:

- i. Tourism development
- ii. Manufacturing
- iii. Private sector development
- iv. Innovation, technology development and transfer

Following the Government plan through Uganda Investment Authority (UIA) to establish Industrial and Business Parks in different regions, Rukungiri District has identified 203 Acres of land in Bwambara Sub-County to support the establishment of this Industrial and Business Park. This Park will create jobs for more than 10,000 people both directly and indirectly. It will also create market for the locally produced goods as well leading to infrastructure development including water, roads. Electricity among others.

The District currently have a total of 36 registered SACCOs and 22 multipurpose cooperative societies with a loan portfolio of 20,525,270,576, savings portfolio of 12,704,283,382 and 56,106 members. Out of 36 registered SACCOs 26 are vibrant and progressing and 10 are struggling and still on probation. However, efforts in terms of training in governance and supervision are being done to rejuvenate those struggling. In last Financial Year (2020/21), 68 SACCO board members of Buhunga, Nyakibale, Buyanja, Rubabo and Rukungiri traders, Kebisoni were trained in good governance and credit management which has improved the stability of SACCOS amidst COVID 19 challenges.

The District continues to promote Value Addition of our agricultural products. In line with value and quality addition, the District through private sector has established 36 coffee processing hullers, 18 maize milling machines and 8 rice milling machines. This has increased the value and demand for the locally produced agricultural products which has increased the household income of the population

#### Milk Processing Plants

- Rukungiri Dairy Cooperative Union
- Buyanja Dairy
- Morethan 20 cooling points

#### 10.1 Under Emyooga program.

- Emyooga Program covers a specified category of Emyooga i.e Political leaders, Carpentry, Mechanics, Produce dealers, Preforming artists, Journalists, Market vendors,

Veterans, Boda Boda, Tailors, Fishermen, Women Entrepreneurs, Youth leaders, Welders, Restaurant owners, PWDS, Taxi operators and Saloon operators.

- The District mobilized and registered a total of 1,148 parish based groups from constituencies of Rubabo, Rujumbura and Rukungiri Municipality and were organized into 54 SACCOS with 18 SACCOS in each constituency.
- The Emyooga SACCOS in the District received seed capital of Ugx1, 680,000,000 and by 31<sup>st</sup> July 2021, SHS 1,538,401,000 was already disbursed to 487 associations with 4,978 members benefiting from the program as shown in the table below.

#### 10.4 Summary table for Emyooga Beneficiaries

Constituency	Rubabo	Rujumbura	Municipality	Total
Seed Capital Received	560,000,000	560,000,000	560,000,000	1,680,000,000
Amount disbursed	477,017,000	495,409,000	438,530,000	1,538,401,000
No.of SACCOS	18	18	18	54
No. of associations	158	172	167	497
No. of members	1,764	1,862	1,552	4,978
No of female	666	720	886	2,272
No of Males	1,098	1,142	679	2,706
Savings Amount	61,420,000	65,669,000	57,064,000	184,153,000

#### 10.2 Tourism Development

The department continues to promote tourism through identification and promotion of tourism sites by engaging different stakeholders.

**Table 10.5: List of documented Tourism Sites in the district**

S/n	Site	Location	Products
1	Nyabugoto cave	Nyakishenyi sub county	Bats, Birds, Caves First center for Kibwetere and Celedonia Cult and religious tourism
2	Kisiizi water falls	Nyarushanje sub county	Water falls, Bird watching, Hiking, Zip lining, Cultural monument, Kayak on lagoon, HEP generation

3	Kigezi Wildlife Reserve	Bwambara sub country Kikarara Parish	Wildlife, Birds, nature walks, and variety of tree species
4	Minera Hot spring	Kebisoni Town council	Hotspring , Fishing, Bird watching, Acacia trees, Primates/ monkeys
5	Rweshama landing site	Bwambara sub county	Fishing, Boat rides, Wildlife
6	Rubaabo Hot springs	Nyarushanje sub county	Hot spring, Forest walks, Lime stone quarry and Camping
7	Lake Kimbugu	Nyarushanje sub county	Bird watching, Canoeing, Camping site Cage fish farming
8	Imaramagambo forest reserve	Bwambara sub county	Nature walks, Trees species, Birding and Wildlife
9	Enengo Escarpment	Nyakagyeme,kambu ga and Rugyeyo counties	Escapements and nature walks
10	Lake Garubunda	Garubunda Parish Kebison Sub country	Birding, Canoeing, Camping Services, fishing

As a district, we continue to lobby from Central Governments for increased funding for tourism promotion activities to enable the District develop the above identified sites. We have been running social media accounts (facebook: Rukungiri Tourism Office Twitter: @rukungiritourismoffice) in promoting and creating awareness towards the District tourism potential. We have also managed to mobilise and engage some communities to appreciate, conserve and develop tourism

The District continues to liaise with the private sector to partner with us to promote and support tourism activities in the district. Rukungiri District will continue to promote tourism in the District as one of the priority areas in the District Development Plan III NDPIII 2020/25-2024/25. The District will do the following

- Development of a mini museum for cultural and heritage tourism in Rukungiri District
- Conducting domestic tourism campaign both in town and local communities in order to increase tourists' inflow in the District

- Conducting trainings to nurture local hospitality to equip them with skills to ensure customer satisfaction
- We shall continue to market our tourism site on our District website, social media platforms, TVs and local radios.
- Engaging the private sector for public private partnership in tourism development

### 1.3 Tourism in Rukungiri District

Rukungiri district is gifted with a wide range of tourism products which have the potentials of increasing local revenue and benefiting the communities both socially and economically. Some of the tourism sites in Rukungiri include the following;

**Table 10.6: List of tourism sites in Rukungiri Districts**

Site	Location	Activities
Kisiizi falls	Kisiizi Parish Nyarushanje sub country	<ul style="list-style-type: none"> <li>• Water falls</li> <li>• Bird watching</li> <li>• Hiking</li> <li>• Zip lining</li> <li>• Cultural monument</li> <li>• Kayak on lagoon</li> <li>• Generation of HEP</li> </ul>
Queen Elizabeth National Park	South western rim of Queen Elizabeth National Park Rukungiri District	<ul style="list-style-type: none"> <li>• Game drive</li> <li>• Nature walks</li> <li>• Tree climbing lions</li> <li>• Birds</li> <li>• Boat rides</li> <li>• Camping</li> </ul>
Kigezi Wild life Reserve	Kikarara Parish Bwambara Sub country	<ul style="list-style-type: none"> <li>• Wildlife</li> <li>• Birds</li> <li>• Tree species ie fig trees</li> </ul>

## **CHAPTER TEN: WORKS AND TECHNICAL SERVICES**

### **10.1 Introduction**

The Works Sector comprises of two Departments (Roads and Technical Services and that of Rural Water and Sanitation). The sector further has to ensure proper quality in design, construction, inspection and maintenance of all Local Administration building structures. The national roads are developed and maintained by the Ministry of Works and Transport. The District Local Government maintains district roads while Community access roads are the responsibility of the Lower Local Governments. This section presents selected statistics on work services delivery.

### **10.2 NDP III Programmes**

The Department responds to the following NDP III programmes:

- i. Integrated transport infrastructure and services
- ii. Sustainable urbanization and housing
- iii. Agro-industrialization
- iv. Regional Development

### **6.1 Roads**

The District has a total of approximately 345.81km of road network, 122.17km of Urban Road Network, and 845.07km of Community Access Road network. The district is in charge of maintaining the condition of feeder roads whereas Sub-Counties maintain community roads.

#### **6.1.1 Roads by grade, Length and condition.**

There are several categories of road networks including Trunk roads managed by the Central Government, Feeder roads managed by the District and Town councils, and community roads are maintained by community members.

**Table 10.8: District Roads by Type, length and condition as of 2021/22**

S/N	Road Name	Type of road	Location sub-county/county	No of Bridge/Culvert	Road length (km)	Road condition	Accessibility

Kiosks	1575
Public stand posts	5000
Rain water harvest tanks	4120
Valley tanks	0
Total	42595

Source: Water Department

Challenges:

- Late release of funds.
- Lack of sound supervision vehicle. This has greatly affected service delivery.

- Heavy rains have damaged most of the roads and drainage structures, making roads impassable mostly in the months of November and December, 2020.
- Backlog of road activities in the Sub-counties and Town Councils have not been implemented in time due to one grader in the district.
- Failure by Regional Mechanical Workshop - Mbarara to repair our machines in time has caused delayed implementation of the planned road activities.
- Inadequate supply of steel culverts with wider diameters has curtailed timely replacement of the defective ones more especially in Rubabo County where volumes of surface runoff are substantially high.

#### Recommendations:

- Government should consider timely release of funds.
- Government should consider purchase of new service pickup to ease supervision of roads and other Infrastructure developments in the District and transport of fuel to the field.
- Lobbying for more steel culverts from MoWT should be intensified specifically for Nyakishenyi and Nyarushanje sub-counties.
- Government should consider purchase of additional grader because one grader is over used considering the overall DUCAR network.

## CHAPTER ELEVEN: GENDER & COMMUNITY BASED SERVICES

### 8.0 Introduction

This chapter shows statistics on marginalized groups or communities. The mandate of the department is to promote social protection and promotion of human right as well as empowering these groups.

### 11.2 NDP III Programmes

- i. Community mobilisation and mind-set change
- ii. Administration of Justice
- iii. Human capital development

### 8.1 General Community Development Issues

The Community Based services sector is one of the major sectors in the district and is composed of;

- Probation Youth, Children and Social welfare
- Gender, Culture and Community Development
- Disability and Elderly
- Labour and Industrial Relations

The District District has several community development groups. These include youth groups, women groups, civil society organisations, FAL study groups and cultural groups.

**Table 11.7: Community Development Groups in the District**

Groups	Number
Number of Community Development Groups	7500
Number of women Groups:	80
Community Development Centres:	6
Number of NGOs:	30
No of NGOs support programs for disadvantaged groups.	27
Number of CBOs	29,420
Ratio of CDAs/CDOs to the community:	23:80,000
Youth Groups:	142
PWD groups:	45

Government has supported various groups under the special interest categories with startup capital to finance their business proposals to fight against poverty and improve their livelihood in communities. Groups formed were mainly between 10 – 15 members for YLP and UWEP and where at least 30% are supposed to be females but group size was later reduced to 5-10 members.

The money given under the YLP and UWEP programs are revolving in nature and are interest free to groups for 36 months with a service fee of 5% P.A on the remaining balance when it exceeds the first 12 months. The support given to PWDs is start up to groups that is not revolving in nature but goes directly to members of the groups on pass on basis.

The older persons have been funded under Senior Citizens Grant as a component of Social Assistance Grant for Empowerment where old citizens with 80 years and above are paid 25,000 per month as long as they still live.

Regular groups have been supported with seed capital from Government of Uganda through the Micro Finance Centre with soft loans whose interest was not exceeding 13% P.A to finance their business plans.

- Informal groups have been supported with seed capital given to their mother SACCOs at the constituency level where groups borrow from SACCO with soft loans not exceeding 8% P.A under the 'Emyooga' program.

Below is the summary of performance of these programs for the last 5 years under Community Based Services Department.

S/n	Sector/Category	Number of Groups	Number of Beneficiaries	Amount	Source of funding
1	Youths	145	1638	1,314,676,400	YLP
2	Women	109	1,200	794,930,600	UWEP
3	PWDs	56	614	62,000,000	Special Grant for PWDS
4	Older Persons		3799	943,250,000	SCG(SAGE)

5	Formal groups	9	135		Conventional loan and LEGs
6	Informal groups(Myooga)	305	3,316	855,558,000	Presidential Initiative.

## 8.2 Probation, OVCs and Child Protection Issues (Orphan hood status)

In Uganda, an Orphan is defined as a child less than 18 years who has lost one or both parents. Parent's survival has a strong bearing on welfare of the children because children are dependant on their parent and other adult to support them socially and economically.

**Table 11.8: Number of Orphans by Age group and Type by subcounty**

Group Category	Age Category	
	0-8years	0-17 years
Had lost one parent	4,095	14,694
Had lost both parents	403	2,292
Had atleast Lost a parent (No of Orphans)	4,498	16,986

Source: Census 2014

## 8.3 Situation of OVC

- Total number of OVCs: 39,036
- Orphans constitute of 43.5%(16,986/39,036) percent of OVCs
- Children out of school: 6,582
- Number of orphanage homes by location: 2 (Bucence Chidren Centre in Nyakagyeme subcounty & Bridge of Hope Children Centre in Kebisoni TC)
- Number of child resettlement centres: 0

## Conclusion

With the challenges of low funding notwithstanding, the department remains committed to transform the plight of the special interest groups of women, children, PWDs and elderly such that their welfare can improve from the present to the desired levels.

## CHAPTER TWELVE: PLANNING UNIT

### 12.1 Introduction

Mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP

### 12.2 NDP III Programmes

- I. Development plan implementation
- II. Regional development
- III. Public sector transformation

### 12.3 Local Government Service Delivery

#### 12.3.1 Population and Growth rates

**Table 11.9: Total Population and Growth rates as Compared to the Western Region by year**

	Population			Projection
Year	1991	2002	2014	2022
Population	230,072	275,162	314,694	360,127
Growth rates				
Regional Population Total	4,547,700	6,298,078	8,874,860	
Growth rates for the Western Region				
National Population Total	16,671,706	24,227,297	34,634,650	
National Population Growth rate	2.5	3.2	3.0	

**Source: UBOS**

	1980	1991	2002	2014
Rukungiri	177,991	230,072	275,162	314,694

### 12.3.3 Population Density

Population density refers to the number of people per square kilometre. Rukungiri district has a total area of 1524.28 sq.km and land area of 1445.64sq km. Therefore, the population density was 218 persons per sq.km of land in 2014 year. The population density increased from 218 persons per sq.km in the year 2014 to 249 persons per sq.km in the year 2022.

### 12.3.4 Urbanisation rates and levels

Urbanization is defined as the increase in the proportion of the population living in the urban area. However, the definition of urban areas has been changing over time. The 2002 and 2014 censuses defined urban areas as only the gazetted one while the earlier censuses included un gazetted urban centres with more than 1000 people as part of the urban population

**Table 12.2: Population Distribution by Rural – Urban**

<b>Area</b>	<b>Population</b>	<b>Percentage</b>
Rural	262,223	83.3
Urban	52,471	16.7
<b>Total</b>	<b>314,694</b>	<b>100</b>

*Source: NPHC 2014, UBOS*

### 12.3.5 Refugee population

Rukungiri district is not a refugee hosting district.

## 12.3 Development Plan Implementation

### 12.4.1 Community Projects

**Table 12.3: Projects implemented by Sub-county, 2020**

S/N	Project Name	Site Location	Project Cost (UGX)	Services provided	Implementer	Completion Status
1.	Construction of a 2-Classroom block.	Rutooma-Kihanga P/s in Buhunga S/C	81,760,900	Teaching facility	District (DDEG)	Completed 100%
2.	Construction of Multi-purpose hall & Staff room.	Kasheshe P/s in Buyanja S/c	116,070,128	Teaching facility	District (TDG)	Completed 100%
3.	Construction of a 2-classroom block.	Katungu Ps in Buyanja S/c	98,644,310	Teaching facility	District (TDG)	Classroom furn. Not yet supplied
4.	Completion of a 4-classroom block	Karire P/s in Kebisoni S/c	39,961,000	Teaching facility	District (SFG)	Completed 100%
5.	Construction of a lined 5-stance VIP latrine	Bugarama P/s in Nyakishenyi S/c	31,161,760 (VAT Inclusive)	Sanitation and hygiene	District (SFG)	Completed 100%
6.	Construction of a lined 5-stance VIP latrine	Nyabushenyi Lower P/s in Nyarushanje S/c	31,095,735 (VAT Inclusive)	Sanitation and hygiene	District (SFG)	Completed 100%
7.	Construction of a lined 5-stance VIP latrine	Rwerere P/s in Rwerere Town Council	28,876,500	Sanitation and hygiene	District (SFG)	Completed 100%
8.	Construction of a lined 5-stance VIP latrine	Mabanga P/s in Kebisoni S/c	29,492,000	Sanitation and hygiene	District (SFG)	Completed 100%
9.	Construction of a lined 5-stance VIP latrine	Rwenkuraijo P/s in Buyanja S/c	28,132,500	Sanitation and hygiene	District (SFG)	Completed 100%
10.	Construction of a lined 5-stance VIP latrine	Nyakariro P/s in Bugangari S/c	29,362,100	Sanitation and hygiene	District (SFG)	Completed 100%
11.	Construction of a lined 5-stance VIP latrine	Kicwamba P/s in Ruhinda S/c	29,562,500	Sanitation and hygiene	District (SFG)	Completed 100%
12.	Construction of a lined 5-stance VIP latrine	Kayanga P/s in Nyarushanje S/c	31,813,100	Sanitation and hygiene	District (SFG)	Completed 100%
13.	Supply of 83No. three seater twin desks	Katonya P/s in Nyakishenyi S/c	15,572,460	Sanitation and hygiene	District (SFG)	Already supplied
14	Construction of Seed Secondary School	Nyeibingo parish in Kebisoni S/c	2,090,390,500	Teaching facility	District (TDG)	Works suspended due to VAT issues that are not yet sorted out by the MoFPED.
15.	Partial renovation of DHO,s Office, Drug store and construction of main entrance gate	DHO's Office at Rwamahwa	24,949,000	Sanitation and hygiene	District (PHC)	Completed 100%

16.	i). Partial renovation of OPD and G/ward ii). Construction of a lined 2-stance VIP latrine	i). Buyanja HC III in Buyanja TC ii). Nyabiteete HC II in Bugangari S/c	42,321,800	Health services	District (PHC)	Completed 100%
17.	Construction of Chain link fence	Bugangari HC IV	49,498,940	Security and protection of assets	District (DDEG)	Completed 100%
18.	Construction of Staff house.	Karuhembe HC III in Kebisoni S/c	170,433,612	Health services	District (PHC)	Completed 100%
19.	Renovation of 2No. Staff houses	Kisiizi HC III in Nyarushanje S/c	49,806,580	Health services	District (PHC)	Completed 100%
20.	Renovation of Maternity ward and OPD blocks	Kisiizi HC III in Nyarushanje S/c	31,173,200	Health services	District (PHC)	Completed 100%
21.	Construction of 3-roomed kitchen for staff house, 3-stance bathroom and renovation of 3-roomed staff house	Kisiizi HC III in Nyarushanje S/c	46,702,877	Health services	District (PHC)	Completed 100%
22.	Remodeling of former Buhunga S/c Council hall into staff units	Buhunga HC IV in Buhunga S/c	74,996,170	Health services	District (DDEG)	Completed 100%
23.	Partial renovation of 2No. OPDs	i). Rushasha HC II in Nyakagyeme S/c ii). Nyarwimuka HC II in Ruhinda S/c	22,736,210	Health services	District (PHC)	Completed 100%
24.	i). Partial renovation of OPD ii). Completion of Staff house	i). Katonya HC II in Nyakishenyi S/c ii). Ngoma HC II in Nyakishenyi S/c	21,976,000	Health services	District (PHC)	Completed 100%
25.	i). Renovation of Laboratory / Art building ii). Renovation of OPD	i). Ruhinda HC III in Ruhinda S/c ii). Kikarara HC II in Bwambara S/c	30,059,270	Health services	District (PHC)	Completed 100%
26.	Up-grade of Kasheshe HC II to HC III	Kasheshe HC III in Buyanja S/C	666,146,359	Health services	District (PHC)	Completed 100%
27.	Construction of Administration office block Phase XII	District Headquarters	154,686,200	Office space	District (TDG)	Completed 100%
28.	Sealing of leakages in rain water gutter and cleaning of ext. cladding/glass and window surfaces	Administration office block at the district headquarters	14,504,900	Sanitation and hygiene	District (TDG)	Completed 100%

- Proportion of projects implemented on budget -- **100%**
- Completion rate of public projects (Proportion of projects implemented on schedule)... **95%**

## 12.5 Regional Development

### 12.5.1 Poverty Rates

The poverty rates of Rukungiri district have not been disseminated yet by UBOS but the poverty rate of Kigezi Region is 28% (UBOS 2021)

To ascertain the poverty levels at sub-county level, a survey is required, however, estimating from Human Development Index (HDI), the poverty estimates is as follows;

**Table 12.4: Poverty distribution by Sub-county**

Sub county	% of individuals Below Poverty Line	Estimated No. of poor individuals (2020)
Buyanja SC	5	1,750
Kebisoni SC	8	2,020
Nyakishenyi SC	30	11,522
Nyarushanje TC	28	14,141
Buyanja TC	2	113
Kebisoni TC	2	79
Bugangari SC	32	10,781
Buhunga SC	15	3,728
Bwambara SC	35	9,444
Bikurungu TC	4	220
Nyakagyeme	8	2,507
Rwerere TC	2	90
Ruhinda SC	18	5,226
Eastern Div.	2	276
Southern Div.	2	207
Western Div.	2	305
<b>District</b>	<b>17.6</b>	<b>62,411</b>
